RACE ROUTE

The route will be fully marshalled, signed and flagged.

We always spend a lot of time diligently marking out course' however on occasion these markings do get removed by dog walkers and locals (this happened on our last event Washington Trail 10k, prompting last minute emergency course re-marking) so please make yourself familiar with the online route map.

There are also Durham Coastal Half Marathon Way markers on wooden posts all along the route.

There will be marshals and signs, but navigation of the course remains the responsibility of the runner.

CAN'T ATTEND/VIRTUAL OPTION

If you can no longer make the race,, then it is now too late to transfer to another person or event. (If you took out insurance you can make a claim with the insurance company)

However, you still get your race memento and medal by doing the event virtually. You simply need to run the equivalent distance within 6 weeks of the race and email evidence(Strava screenshot or similar) to admin@trailoutlaws.com and will post your medal and memento to you.

HAPPY STUFF

We are really looking forward to meeting you all at Seaham. There is always a great atmosphere at trail races, which is often greatly enhanced by our race marshals/volunteers. The marshals are there to cheer you on and stop you going the wrong way. So please thank the marshals and give them a high five on the way round. Come rain or shine bring your trail spirit and smile with you.

Have a great time, run with a smile on your face and we are sure you will agree, trail running is the best kind of running 😊
